Skills

- JavaScript | TypeScript | C++ | MongoDB | MySQL | Node | Express | React | Next | Svelte | Redux | Svelte Kit | NoSQL | Git | Firebase | Commercetools | Vercel | Netlify | Contentful | ContentStack | PostgreSQL
- Bitbucket | Azure | GitLab | GitHub | Jira | Jest | Unit Testing | OOP | Slack | Discord
- Frontend | English, Urdu, Hindko – All professional proficiency or above

Experience

Frontend Engineer

CODEBAND

Abbottabad, Pakistan

07/2022 - Present

- Experience with **ReactJS**, **NextJS**, and **Svelte** in building scalable and performant web applications.
- Developed multiple applications using ReactJS and NextJS, including an e-commerce website that increased sales by **25%**.
- Collaborated with cross-functional teams to implement complex features and improve user experience, resulting in a **40%** increase in user Engagement.
- Utilized **state management** libraries like **Redux** to manage application state efficiently, enhancing performance and maintainability.
- Conducted code reviews and optimizations, resulting in improved load times and overall application performance by up to **30%**.
- Integrated **RESTful** and **GraphQL APIs** for seamless data fetching and manipulation, enhancing the functionality of applications
- Employed **responsive design** techniques to ensure applications were **mobile-friendly** and accessible across various devices.
- Conducted user testing sessions to gather feedback and iteratively improve features, leading to a more intuitive user experience.
- Leveraged **Git** for version control, facilitating smooth collaboration and **project management** within the **development team**.
- Created comprehensive documentation for **codebases** and **workflows**, improving onboarding processes for new team members.
- Assisted junior developers with best practices in React and front-end development, fostering a **collaborative learning environment**
- Completed multiple **online courses** to improve proficiency in these technologies

Frontend Engineer, Intern

CODEBAND

Abbottabad, Pakistan

02/2022 - 07/2022

- HTML/CSS Proficiency:** Developed responsive and accessible web pages using HTML5 and CSS3, ensuring cross-browser compatibility.
- JavaScript Development:** Implemented interactive features and functionality through JavaScript, enhancing user experience.
- Tailwind CSS Utilization:** Utilized Tailwind CSS for efficient styling, enabling rapid design and customization of user interfaces.
- React.js Library:** Built dynamic single-page applications (SPAs) using React.js, optimizing performance and scalability.
- Strapi Integration:** Worked with Strapi as a headless CMS to manage content, allowing seamless integration with front-end applications.
- Commercetools:** Leveraged Commercetools as a headless eCommerce platform to build flexible and customized shopping experiences.
- Continuous Learning:** Engaged in ongoing learning and skill enhancement in emerging web technologies and best practices.

TEACHING

03/2023-12/2024

- Math, Computer Science, Statistics.

Education

Bachelor of Mathematics

AUST

Abbottabad, Pakistan

08/2018 - 12/2022

- Major in Mathematical Sciences and Applied Engineering

Projects

- KIP:** [Klp](#) is a pet boarding website (ReactJS/ GatsbyJS/ GraphQL/ Contentful) for client in Australia..
- Inorganic:** Dashboard [inorganic](#). (ReactJS / PostgreSQL/ NodeJS/ ExpressJS/ RESTful Apis) for client in the USA.
- Vigorous:** Landing Pages [vigorous](#). (NextJS / RESTful Apis / CMS) for client in the USA.
- AEscrips:** Website. (NextJS Frontend / Rest Apis / ContentStack) for client in Pakistan.
