EXPERIENCE

3D Game Artist and Graphic Designer at WittySol

I have three years of work experience with WittySol as a Game Designer and a Graphics designer, where I create different type of environments and game levels while using Unity 3d, I am also a good user of (3d S Max and substance painter) in which I create different types of 3d models as well as texturing of assets and creation of custom skins. I am also good at making UI while using Photo-shop. I am very good in game rendering and creation of game icons. And also iam create banner and Video Ads for clients.

Game & Graphic Designer

Jan 2021 – March 2024

- Designed 2D/3D game assets, UI elements, and visual effects for mobile and desktop platforms.
- Created promotional material including posters, social media ads, banners, and product packaging.
- Edited videos for marketing campaigns and client branding using Adobe Premiere Pro and Adobe PhotoShop.
- Collaborated with developers and marketers to align visual content with branding goals.

LANGUAGE

Can deliver context in English fluently. Regarding speaking, listening, reading and writing as well.
