

# EHTESHAM IRSHAD

## FULL STACK DEVELOPER

### SUMMARY

Full Stack Developer with 3+ years of experience in building scalable web applications using React.js and Node.js. Skilled in developing responsive UIs, RESTful APIs, and integrating frontend-backend workflows. Strong collaborator with a focus on performance, maintainability, and clean architecture.

### EXPERIENCE

#### Inovat8

05/2023 - 07/2025

##### Full-Stack Developer (React.js & React Native)

- Developed **Barn Manager** web application using **React.js** for frontend and **Node.js with Express** for backend, implementing features for efficient barn and horse data management.
- Built and maintained the **Inova8 company website** with **React.js**, focusing on responsive design, SEO optimization, and modern UI/UX practices.
- Designed and developed the **Course Walk mobile application** using **React Native**, delivering a cross-platform solution with smooth performance and intuitive navigation for users.
- Developed the **front-end interface** for the *Sora Fuel* project using the **Mendix low-code platform**, delivering **custom page designs**, **responsive layouts**, and seamless **user interaction flows** tailored to project-specific requirements.

#### LowCodeX

07/2022 - 05/2023

##### Front-End Developer with Expertise in Low-Code and React.js

- Developing dynamic and interactive UI components using Mendix's low-code environment
- Collaborating with cross-functional teams to gather and analyze user requirements for optimal front-end solutions.
- Developing tailored solutions to address complex business challenges for clients including Bain Consultancy, Bosch Global, Samsung, and FTA Maskan.
- Implementing features and enhancements, ensuring seamless performance and user satisfaction
- Focusing on optimizing application performance and user experience
- Collaborating with cross-functional teams to deliver projects on time and within scope
