### PROFESSIONAL PROFILE

I am an experienced WordPress Developer with 3+ years of experience in web development. Proficient in customizing and configuring WordPress themes & plugins, resolving technical issues, and building e-commerce solutions. Skilled in enhancing user experience through responsive design and performance optimization, and adept at collaborating with cross-functional teams to deliver high-quality websites.

### WORK EXPERIENCE

#### WordPress Developer

**Graphitors | Jan 2023 - Present**

- Efficiently resolved plugin and theme issues, ensuring minimal downtime and higher user satisfaction.
- Developed and managed e-commerce websites using WooCommerce, enhancing client sales and user experience.
- Improved website performance with responsive design and optimization techniques, leading to better user engagement.
- Collaborated with designers and content creators to deliver cohesive, high-quality websites.

#### Freelance Web Developer

**Self-Employed | Sep 2021 - Feb 2023 | Remote**

- Provided expert WordPress development and consultation services to a broad range of freelance clients.
- Conducted comprehensive website audits for clients, identifying critical areas for improvement that helped enhance website security and reliability.
- Developed responsive landing pages, converting mockups into usable web presence with HTML, JavaScript, AJAX, and JSON coding on a variety of CMS.
