

# MUBASHIR ALI

Javascript Developer

@ letsmailmubashir@gmail.com +92 336 2457208 Karachi, Pakistan

## EXPERIENCE

### Sr.Javascript Developer

Xynotech

Mar 2024 – Ongoing Karachi

- Worked on a micro-frontend project that used React.js for frontend development, producing scalable and modular applications.
- Created a React Native mobile application that improved user engagement and accessibility.
- Constructed a Node.js backend for the project, providing effective server-side capabilities.
- Utilized project management platforms like Jira and Trello for efficient operations and on-time delivery.
- Collaborated with cross-functional teams to create and launch dependable mobile and web solutions.

### Senior Frontend Engineer

Avialdo Solutions

Jan 2023 – Feb 2024 Karachi

- Transitioned company projects from JavaScript to Next.js, improving performance and maintainability.
- Developed a real-time live map application using React.js and Firebase.
- Conducted JavaScript training sessions to boost team skill levels and productivity.
- Maintained code quality and project efficiency through thorough code reviews.

### Frontend Engineer

TPS

Apr 2020 – Jan 2023 Karachi

- Created and launched the Deployment Hub project, a core internal product.
- Contributed to bug fixes and feature upgrades for major projects like Moneta, JazzCash, and Sparrow.
- Developed skills in HTML, CSS, JavaScript, jQuery, XML, and API integration.
- Used Git for version control and participated in sprint planning for project execution.

### Ui Developer

Systems Limited

Nov 2019 – Apr 2020 Karachi

- Learned and implemented HTML, CSS, and Figma to CSS conversion techniques.
- Assisted in creating responsive user interfaces based on UX wireframes.
- Documented UI best practices and supported the design team.

## SUMMARY

I am an innovative and results-oriented Full-Stack developer with over 5 years of experience in architecting, developing, and maintaining high-performance web and mobile applications. I possess expertise in technologies such as React.js, Next.js, React Native, and Node.js, and excel in leading cross-functional teams. I am passionate about driving innovation and delivering scalable, user-centric solutions.
