🎓 EDUCATION

Visvesvaraya Technological University (VTU)
B.Tech in Computer Science
Mangalore, India

Pre university college
St.Aloysius PU college
Mangalore, india

📄 CERTIFICATES

- Bachelor of Technology (B.Tech) – Computer Science Engineering
- Intel® Distribution of OpenVINO™ Toolkit 📄

📁 PROJECTS

Jafurah Phase II Project
Material controller
present

Dammam Field Pipeline Project
present

Facial recognition using Machine learning
Final Year B.Tech Project
Developed a facial recognition system using machine learning algorithms for identity verification

👤 PROFILE

B.Tech 📄 graduate in Computer Science with experience in material control, technical sales, and IT support. Skilled in using ERP systems like JDE, managing inventory, and providing technical assistance. Good communicator who works well with teams and handles problems efficiently. Eager to learn and grow in a professional environment.

📁 PROFESSIONAL EXPERIENCE

DENYS ARABIA

Material Controller

05/2024 – present | Al ahsa, Saudi Arabia

- Prepared manual Material Requisitions (MR) and secured approvals from site engineers, site managers, and the procurement manager
- Entered and processed MRs in JDE (JD Edwards) ERP software, handling order creation, tracking, and material inventory updates
- Verified incoming materials against purchase orders and quality standards upon delivery
- Issued materials to project sites while maintaining accurate stock records through Excel and JDE
- Maintained delivery notes and tracked material movement across multiple project locations
- Coordinated with suppliers and logistics teams to ensure on-time delivery and resolve discrepancies
- Managed calibration records and schedules for machines and tools in compliance with site requirements
- Issued PPE to workers and maintained up-to-date certification documentation
- Conducted regular stock audits to ensure inventory accuracy
- Communicated regularly with site engineers, project managers, and the fabrication manager regarding material needs and workflow

ALMD GROUPS

IT Specialist

11/2023 – 05/2024 | Saudi arabia

- Provided technical support for internal systems and users
- Handled software installations, system troubleshooting, and inventory tools
- Coordinated with vendors for hardware setups and resolved day-to-day IT issues
- Maintained documentation and ensured smooth tech operations in a mixed retail/office environment
