Profile

Hi my self Mansoor Ali a React Native mobile app developer with over a year of experience developing innovative apps using React Native, Firebase, MongoDB, and Supabase. My projects include the e-commerce application, social media app, user profile apps, personal finance trackers, and habit trackers. With expertise in JavaScript, I focus on creating user-friendly and efficient apps that drive real impact. I'm excited to collaborate with professionals to bring new ideas to life and push the boundaries of innovation in the tech.
