PROFILE

Experienced and creative WordPress Web Developer with a passion for designing responsive, user-friendly, and visually appealing websites. Skilled in custom theme development, plugin integration, page builders like Elementor and WPBakery, and e-commerce setups using WooCommerce. Strong understanding of HTML, CSS, JavaScript, and SEO best practices. Worked on multiple client and freelance projects delivering modern, mobile-friendly websites with fast loading and great UI/UX. Always eager to learn new tools and deliver quality work on time

WORK EXPERIENCE (4+ YEAR)

- Designed and developed fully responsive WordPress websites using custom themes and popular page builders like Elementor and WPBakery.
- Customized WordPress themes as per client requirements including layout changes, custom sections, and styling using HTML, CSS, and JavaScript.
- Integrated and configured essential plugins for SEO (Yoast), security (Wordfence), caching (W3 Total Cache), and contact forms (Contact Form 7).
- Created eCommerce websites using WooCommerce with product listing, cart, payment gateway, and shipping setup.
- Migrated websites from staging to live environments, ensuring zero downtime and smooth deployment.
- Fixed bugs, layout issues, and cross-browser compatibility problems to improve overall website performance.
- Optimized websites for speed using image compression, lazy loading, and cache configuration techniques.
- Collaborated directly with clients to understand requirements, provide design suggestions, and deliver projects within deadlines.
- Implemented on-page SEO best practices including meta tags, sitemaps, and schema markup.
- Maintained and updated existing websites, adding new features and ensuring security patches are applied regularly.
- Developed custom post types and advanced custom fields (ACF) to create dynamic content management options for clients.
- Integrated third-party tools and APIs such as Mailchimp, Google Maps, and payment gateways to enhance site functionality.
- Ensured mobile-first design principles and conducted testing across multiple devices for consistent user experience.
