# Grzegorz Wojewodzki

Software Tester | Playwright | JavaScript  
United Kingdom

## Summary

Level 4 qualified Software Tester with 3+ years of experience ensuring seamless performance of web and desktop applications. Passionate about quality, with a strong grasp of SDLC and STLC. Skilled in test automation (Playwright + JavaScript/TypeScript) and API testing (Postman).

## Experience

Compass Group UK & Ireland  
QA & Test Analyst  
July 2022 - February 2025 (2 years 8 months)  
Birmingham, England, United Kingdom

- Worked in both Waterfall and Agile projects.
- Provided own test effort estimations.
- Actively participated in Sprint Planning meetings.
- Created own test plans, status reports and QA evaluation documents.
- Translated functional requirements and specifications into detailed test cases in Azure DevOps.
- Performed manual testing for various software products (web apps, desktop apps, SAP).
- Reported, tracked and retested defects in Azure DevOps.
- Produced necessary test reports for the stakeholders.
- Worked with cross-functional teams to ensure quality throughout the SDLC.
- Identified and escalated any risks and issues where appropriate.

## IN/OUT

Test Analyst  
January 2022 - June 2022 (6 months)  
Los Angeles Metropolitan Area

- Analysed test documentation, user stories and technical design documents in Confluence.
- Designed clear and reusable test cases (Gherkin style) using Zephyr.
- Performed Smoke, Functional, Regression, Exploratory, E2E, GUI testing.
- Performed database testing (relational database) using DBeaver.

- Developed and maintained automation scripts for Smoke/Regression testing using Cypress.
- Tested REST APIs using Postman.
- Reported and retested defects using Jira.
- Participated in different Scrum ceremonies (daily stand-ups, sprint planning, retrospectives).
- Produced relevant reports for the stakeholders (e.g. Test Progress Report, Test Summary Report).
