Final-year BS Information Technology student at Sir Syed University with solid skills in Python, C++, C#, and hands-on experience with AWS and Microsoft Azure. Seeking an Internship. Committed to learning and contributing in team-based tech environments.

Education

Bachelor of Science in Information Technology
Sir Syed University of Engineering & Technology (SSUET), Karachi
Final Year | Expected Graduation: 2026

Technical Skills

Programming Languages: Python, C++, C#
Web Technologies: HTML, CSS, JavaScript
Database: MySQL, SQL Server
Cloud Platforms: Amazon Web Services (AWS), Microsoft Azure
Operating Systems: Linux (Ubuntu), Windows
Other Tools: Visual Studio Code, GitHub, MS Office

Academic Projects

Virtual Machine & Web Hosting on Azure
Created and configured a virtual machine on Microsoft Azure to host a web application with firewall settings and monitoring.

Website Development (HTML, CSS, JavaScript)
Built a fully responsive portfolio website using front-end technologies, applying JavaScript for interactive UI elements.

Database Management System (SQL)
Developed a student record management system using SQL for CRUD operations, relational modeling, and reporting.

🚀 **AWS Cloud Deployment**
Launched a cloud-hosted server using AWS EC2 for testing and deploying a sample application.
