Army Public School (C.O.D), Karachi

WORK HISTORY

Frontend Developer   Aug 2024 – Current
The Atria Technologies

- Developed high-performance web applications with Next.js, reducing page load times by 30% and improving SEO rankings, which boosted user retention.
- Implemented REST API integrations that streamlined data flow and improved reliability, resulting in faster development cycles and fewer data inconsistencies.
- Leveraged TypeScript for type safety, reducing bugs and improving maintainability across the codebase, resulting in a 35% reduction in bug reports.
- Expanded skill set by learning SQL, Node.js, and MongoDB alongside my frontend developer role, enabling contribution across full-stack development.

Frontend Developer   Oct 2023 – Aug 2024
Marcell Technologies

- Built responsive, cross-device user interfaces with HTML, CSS, JavaScript, and jQuery resulting in seamless experiences across devices and earning consistent positive user feedback.
- Consistently received positive feedback from clients, sales teams, and stakeholders for delivering intuitive, visually appealing user interfaces that improved demo conversion rates by 45%.
- Implemented GSAP animations that enhanced visual appeal and interactivity, earning consistent positive feedback from clients and stakeholders.
- Integrated interactive 3D elements using Spline, creating visually immersive experiences that impressed clients and boosted overall UI appeal.

IT Intern   Feb 2023 – April 2023
Atlas Autos Pvt Limited

EXTRACURRICULAR ACTIVITIES

Engaged in preparation for Google Summer of Code (GSoC) and IBM Call for Code, focusing on open-source and real-world problem-solving projects
