SUMMARY

As a Junior Software Engineer, I have a solid foundation in software development with a strong focus on frontend technologies. I thrive in collaborative environments and am committed to optimizing user experiences and delivering high-quality software solutions. I'm continuously improving my skills, particularly in React.js and Python, to meet the dynamic demands of the tech industry

EXPERIENCE

Frontend Developer

Creatics   📅 07/2024 - Present   📍 Karachi

A company focused on web development and design solutions
- Developed and maintained responsive web applications using React, HTML, CSS, and JavaScript
