Owais Ahmed

aowais986@gmail.com

+923323628980

Karachi, Pakistan

I am a dedicated computer science professional with hands-on experience in both web and mobile application development. Skilled in frontend and backend technologies such as React JS/Native, and Node JS. I have successfully delivered scalable, secure projects, including a Lexe Ai in Node and Smart Agriculture app in React Native . I am a curious person and quick learner eager to apply my skills to meaningful projects in the tech industry.

EDUCATION

BS Computer Science
International Islamic University

07/2020 - 04/2024   *Islamabad, Pakistan*

WORK EXPERIENCE

React Native Dev
CODENER Ltd

06/2025 - 08/2025   *Karachi, Pakistan*

Worked on mobile application development, focusing on building user interfaces and integrating frontend features with backend APIs. Assisted in mobile app deployment and testing processes while collaborating with the team to deliver functional and optimized solutions.

Full Stack Intern(Remote)
ITSOLERA

07/2024 - 10/2024   *Karachi*

Contributed to API integration and front-end UI development. Built functional, user-friendly web interfaces and backends. Gained hands-on experience in full stack technologies, teamwork, and agile project delivery.

SKILLS

React JS/Native   Next JS   Node JS   Javascript

PERSONAL PROJECTS

Smart Agriculture App (06/2025 - 07/2025)

- Developed and integrated the frontend with backend APIs to deliver a seamless user experience in a full-stack mobile application.
- Implemented AI-powered features such as plant disease detection using image recognition and intelligent recommendations for farmers.
- Collaborated with the backend team to ensure smooth API integration, performance optimization, and real-time data handling.

LexeAI(Contract Analyzer) (03/2025 - 04/2025)

- LexeAi is an AI-driven web app that simplifies contract analysis for professionals. Users can upload up to five PDF or TXT files to receive smart, secure reviews. The platform highlights red flags with risk percentages and client favorability scores. Insights are organized into tabs like Overview, Negotiations, and Risky Conditions. LexiAI ensures faster, clearer, and more efficient legal document review..

COURSEWORK

Object Oriented Programming

Data Structure and Algorithms

Web/App Development
